The S.S does not seem to have raised the point of view at the first meeting where some decisions have been arrived at and sent to Govt for sanction. A.R.P. Scheme for Bangalore City, sanctioned by Government, the Air Raid Casuality Service is subject to the general control of the Senior Surgeon. Thirty First Aid Posts have to be established in Bangalore City for this service and there is to be ~~established in Bangalore City~~ one Doctor for each post. The Senior Surgeon is the best person to secure this medical personnel. One of the duties of the Hospital Sub-Committee is to approve the selection of First Aid Posts and determine their equipment. It has been clearly laid down in the A.R.P. Scheme for Bangalore City that the scale of Equipment to the various posts as well as their location will be decided by the Hospital Sub-Committee. There is thus no doubt whatsoever as to the position that the Hospital Sub-Committee occupies in the City A.R.P.organisation. It has also to organise the Ambulance Service, select Casuality Clearing Stations and Base Hospitals, and arrange for the training of First Aiders. The Municipal Dispensaries in the City have to be used as Casuality Clearing Stations. The Ambulances should be provided with a Nurse each. These items of work are also best attended to by the Hospital Sub-Committee. A medical A.R.P. Committee for Bangalore City is no where contemplated in the Scheme sanctioned for the City. It would be

be a duplication of the Hospital Sub-Committee and would lead to friction, as unfortunately it has already done, because the Senior Surgeon would be the Chairman of the Hospital Sub-Committee and the A.R.P. Controller, the Chairman of the City Medical Sub-Committee and there might be differences of opinion in administrative and professional matters between them. It will therefore be best to enlarge the Central Hospital Sub-Committee, as proposed by the Senior Surgeon and include in it the A.R.P. Controller and the Medical Officers of the Major Hospitals including St.Martha's. The Scout Commissioner has proposed that Major Y.V.K.Murthy, may take his place on the Sub-Committee. This may be approved.

According to the proposals of the A.R.P. Controller and the Senior Surgeon now before Government, the Committee will be constituted as follows and this will ensure smooth working:

1) Senior Surgeon in Mysore, Bangalore (Chairman)
2) A.R.P. Controller, Bangalore City
3) Chemical Examiner with the Govt. of Mysore
4) Health Officer, City Municipality, Bangalore
5) Major Y.V.K. Murthy
6) Medical Officer, Victoria Hospital, Bangalore City.

I have also agreed to this enlargement as stated in the letter of the Senior Surgeon. As opined by Mr.N.Madhava Rao, in his letter to Government, there would be no need for the local Committee, if organisation of First Aid in the City is a responsibility of the Hospital Sub-Committee. This has been made clear by Government in their order constituting the Hospital Sub-Committee and the order sanctioning the A.R.P. scheme for the City. There is, therefore, no need for a separate Committee for the City.

SPARE COPIES.....

I have the honour to invite kind reference to this office letter No.ARP.575/41-42 dated 25-4-1942, intimating the formation of a City Medical A.R.P. Committee. The Committee met on 24-4-42 and discussed several subjects relating to first aid organisation in Bangalore City.

G.O placed below

At the second meeting of the Committee held yesterday, the Senior Surgeon raised a point of order regarding the status of the Committee and of its relation to the Hospital Sub-Committee constituted under the proposed Central Organisation. (Please vide Government Order No.W.1394-1406 dated 29-12-1941.) It was explained to the Senior Surgeon that the latter Committee was a Sub Committee of the Central A.R.P. (Advisory) Committee constituted for the whole State, whereas the Committee now constituted was for Bangalore City only (similar to ~~that~~ the one formed for Mysore City) with a view to advise on first aid measures to be immediately carried out. The Senior Surgeon felt that the first Committee was a duplication and that the Hospital Sub Committee which is the one sanctioned by Government might be re-constituted by enlarging its personnel, the A.R.P.

A.R.P. Controller also being asked to be on it. I explained that while this might be done if the Senior Surgeon felt so, there would still be a need for a local Committee for Bangalore City as long as the A.R.P. Controller was held to be responsible for organising first aid and Ambulance services and that it was in this view that the members of the present Committee had been invited to give their advice and help in organising these services. I added that if on the other hand Government entrusted the organisation of first aid in the City to the Hospital Sub Committee relieving the A.R.P. Controller of his responsibility [redacted] then there would be no need for the local Committee.

The Senior Surgeon still felt that the entire matter required clarification. The Committee therefore dissolved without transacting any business pending decision of Government on this point.

As the matter is rather urgent, early orders of Government are solicited.

I have the honour to be,
Sir,
Your most obedient servant,

D. Mathews

A.R.P. Controller.
